**Potential Fast Food Restaurant**  
**Offered At \$1,200,000**

**40 Acres At Developed Major Highway Exit**  
**1107 North Brown Street, La Plata, Missouri 63549**

Potential to build a fast food restaurant at a major highway exit serving both Kirksville (10 minutes) and Macon (20 minutes), as well as La Plata. Though there are a number of fast food restaurants in nearby Kirksville and Macon, this one central location can serve both cities as well as La Plata, especially for a national fast food chain not currently located in either market.

The 40 acres of Silver Rails Properties approximately extends from the railroad tracks at the bottom of the above photo to almost the water tower in the distance and includes almost all of the area from the left side to the right side of the photo.

The dirt road lined by trees in the middle of the photo is part of the property and can be removed to create one contiguous parcel stretching from Brown Street (Missouri Highway D) on the right to Owensby Street on the left. Amoco Road borders the property on the north and the BNSF Railway mainline between Chicago and Los Angeles borders the property on the south.
